A veto would have done nothing because it passed with a veto proof majority. And not vetoing and not signing makes the bill pass automatically in 10 day deadline. Only thing he could have done is a pocket veto but then that would mean a government shutdown and no PPP loans left. So he worked around it by asking congress to send \$2000 and remove the pork as condition of signing. Am I hopeful of congress doing the right thing? Nope. But he played the cards which were given to him. I think the \$2000 will pass. But I don't think congress will remove the pork. The impoundment gives him 45 days control over the funds I believe.

The bigger question now is whether the RINOs and Dems will pass the \$2000 bill.

Bullshit. Simply not signing the bill would have done the job because this congress is over and thus the next congress would have had to come up with a new bill. Sorry to say it, but Trump sold us out, well knowing these red lined items are nothing congress is required to address. It's simply to calm us down. Enjoy your \$600 worth of crumbs, peasant, because that's all you'll get.

You are very mistaken. The bill was not a Budget Bill, it was a combined Omnibus bill. In a Budget bill, Trump cannot reallocate funds but in an Omnibus bill he CAN.

Trump has full control over whether or not Pakistan gets \$170,000,000, or .17 cents.

By impounding KEY unwanted aspects of the bill, this is similar to the old Line Item Veto, the signing is contingent on the impounded issues being remedied. All unimpounded items are passed immediately. So if Congress only passes the \$2000 per person, but leaves the bullshit PORK inside the Omnibus aspect will allow Trump 45 days to allow funds to push through, or reallocate.

Your lack of faith should be punished.

Pork in bill can be removed after treasonous members of congress are removed - repub majorities after more dems than repubs get helicopter rides for treason. Until special elections make HUUUge repub majorities because there will be no dem with a chance for a while.

Bongino stated that if congress doesn't act, the conditional item funding goes into effect after the 45 days.

It conflicts with your statement, but also by then we'll have a new congress with a larger pool of Republicans in the house.

Pelosi waited to push this pork filled pile of garbage until it was too late. Trump signed this bill and immediately used the Impoundment Control Act of 1974 <https://www.congress.gov/bill/93rd-congress/house-bill/7130>

Trump sent the bill back to Congress to either, remove PORK outlined by Trump, get the section 230 protections removed for big tech, and increase the \$600 payments to \$2000. The money for the pork is held for 45 days, or after a new congress is seated with a +1 majority for Democrats. Many Democrat members have been sick with things other than COVID that keeps them from being physically present to vote. The emergency bill passed to allow them to vote remotely expires on Jan 1st. Speaker of the house is voted in on Jan 3rd. There is a good chance the Speaker of the House is a republican despite a democrat majority.

Democrats have a choice. Delay payments to the American people for 45 days, or take out the pork, repeal section 230 protects, and give Americans \$2000.

Democrat voters still need a red pill. Trump can sit back and say "I signed the bill why aren't the people being given their money?"

Definitely agree. 2021 is predicted to be the worst years in living history. 270 million may starve to death according to the UN. The middle class is being decimated before our eyes. What's worse, people have no idea how to provide for themselves or their families like they did during the last great depression. Congress will use it as an excuse to justify the implementation of socialist policies across the board, which will exacerbate the problem.

We are the tried and true. This is nothing compared to what he had to do 4 years ago. What ever anyone thinks though is irrelevant. Trump won on Election Day. My family has all been 100% Trump since the beginning, and I'm literally the only one who believes he'll win. I'm also the only one who doesn't rely of Fox News to tell me what's going on, I don't even have cable.

They all think he was cheated. They all think Biden is a joke compromised by china and others. But none of them actually believe me that Trump still has a good chance to win. They also don't believe people will do anything if it's stolen, while personally I think we're bordering on revolution if he doesn't win.

Over half the country believes the election was stolen. Even wapo said 50% in their poll. However a lot of them don't believe everyone else knows. The majority isn't just silent, it's tricked into thinking it's a minority.

even my ultra conservative friends don't understand what's happening

Here is how you fix that:

These TheDonald.win "business cards" are AWESOME for handing out to friends, people you see in stores wearing MAGA hats and TRUMP gear, people you see in parking lots with TRUMP bumper stickers and flags on their trucks, and people you meet at rallies.

They are a great conversation-starter to meet new patriots in your area so you can get them connected to TheDonald.win and **give them their hope back that WE WILL PREVAIL! The cards make it a lot easier for them to remember the website URL** compared to just telling it to them, so they are more likely to join us!

🤔🤔🤔 TheDonald.win "Business Cards" you can give to MAGA people you meet to invite them to TD.W! 🤔🤔

<https://thedonald.win/p/11QIEgL39X/-attention-today-is-make-a-new-f/c/>

Also...

Want to help promote Trump's call to DC on January 6th and get more people to come?

Check out this sticker design I just posted:

📌 America Will Not Be "Reset" - America Will Be REBORN 🇺🇸 - 1776 Will Commence Again! January 6th, Washington, DC - "Be There, Will Be Wild." (GRAPHIC TO MAKE STICKERS TO SPREAD THE WORD! Plaster These Everywhere!!!) 🇺🇸 🤔🤔

In 2016 I had returned after visiting eight or so US metro areas. I knew the media was lying about Clinton vs. Trump (and many things) at this point. Two of my good friends, smart smart people, had sat at lunch with me when came back. Both of them had the corporate media pipeline into their heads. They both were shaking and nodding about Clinton's 91% inevitable victory, etc.

The corporations were so fucking furious at having been exposed after this election that they've taken it to whole new level. The corporations, not the democrats (who are but servants to capital), shut down the election in 6 states, dumped in ballots, then declared victory with every capital asset they own. Including FOX news.

You are here.

I knew then Trump was going to win. I know it now. Except now I don't see a way many of these capital interests stay out of prison. That is if they are lucky. They have little time left to negotiate with 20 million pissed off soon-to-be-deputized militia men and women.

He probably has, but this is a very direct statement to all the people who certify the vote.

How exactly should people react?

Trump is by far the greatest President of my lifetime and perhaps the last 100 years. I support him 100%.

He didn't expect to have everyone turn their back on him including the GOP, Scotus, a plethora of Judges and courts etc. He is only one man.

He can't even rely on the DOJ, FBI etc...

But here we are, so desperate for some type of good news or action, that we are dissecting and analyzing a retweet from trumps social media account while you are lowkey shitting on people who seem a wee bit concerned at what the next couple of weeks MAY bring us.

So I ask, what exactly is there to be overly excited about in regards to a retweet on twitter?

do you really think he did not know most of this people would turn on him? even us suspected many of them, you think Trump himself interacting with this people and watching how they flipped back in 2016 in a complete 180 that they would not do it again? He saw before he won the hate and disdain they all had for him and us. Trump is waiting until the last hour because:

1 - He used the election drama while all the dems were only worrying about hiding the fraud to make his moves in the DOD and Pentagon (and i bet those are still ongoing in low level positions right now)

2 - He needed to exploit and be denied all legal options before he goes hot, also had to show the world and the normies that fraud did occur and that going hot was his last option to save the country.

3 - He had to get his core base (MAGA people) to this exact point, where we all so mad and see that we are the only ones that have his back, that millions will show up on the 6th and show the military generals that they really really do not want to go against president Trump. (this is the pivotal point, how many people and in what mood show up on the 6th is they key.)

4 - If you have followed GEOTUS for as long as many of us you would know he loves the comebacks. Biggest counter puncher EVER! BIGLY!

(As an added bonus he brings to the light all the traitors in the SWAMP in one fell swoop)

I hope i am not wrong but i do believe before the 20th we will all see some wild shit if people show in numbers for GEOTUS call!

All those in Big Tech, Big Media, Industry who helped, supported, or tried to hide the evidence must be jailed or executed and all their assets taken. All employees who were simply following orders, jailed as well.

Then there are those such as the sheriffs in Pennsylvania who actively prevented watchers, actively removed watchers. TRAITORS AS WELL.

It is treason for sure because of involvement and collusion with at least three foreign actors as I've ascertained. China, Iran, and Ukraine. They'll blame Russia. Russia doesn't have a pot to piss in right now, except for their military, which is on par with the United States. I heard rumors of Venezuela, Israel, and even Canada. Wouldn't surprise me one bit if 100 countries were involved. They hate America First and Make America Great Again. Why? Because Trump has cut off their sweat heart deals, free giveaways, free military protection, Deep State arms, drug, child trafficking deals ect ect. I pray everyone involved with this travesty ends up at the end of a firing squad in GITMO. God only knows they deserve it. We have to pray for the continuation of the Republic. If this is allowed to stand national ruin with follow along with the rest of the World collapsing. Who do you trust? The patriots or the New World Order Great Reset junta?
